## SOME OPERATIONS ON THE MACHINE AFTER INSTALLATION

Account options:

Click your account name to change your account picture, lock your device, or sign out of your account. This can be done from the start menu, where you will find the Account Name with the image.

Starting source:

Click the Power icon to choose Sleep mode, Shut down or Restart your device.

All apps:

Click "All Apps" to see all your apps and programs listed in alphabetical order. Search for a specific application simply enter it in the "Search" search box.

Search:

Search across your device, your OneDrive cloud storage, and the Web at the same time. Just open the Start Menu and type in the search box "Search" – the Windows search program will do the rest. You can also open search directly from the taskbar; Click Search and start typing.

Pin your favorite apps:

Pin apps, programs, and folders to the Start menu for quick access to the things you use most. Apps with Live Tiles will show updates for important things.

Click "Start," select All Apps, right-click the app you want to pin, then select Pin to Start.

Once pinned, your app will appear as a tile on the right. Right click on the cell to change its size.

Drag and drop to move it.

Task view:

If you have multiple apps and programs open, there's a new Task View button so you can quickly switch between them. Click Task View to see all your running apps and programs; Select any item to open it.

Multi-screen:

If you are using different apps and programs, try adding screens. It will keep everything organized for you. Or, create one screen for what you do at work and one screen for what you do at home. Select view tasks from the taskbar, then select Add desktop. Thumbnails will display at the bottom of the task view page. Click on the blank thumbnail to open a white screen.

To switch between desktops, click Task View, then select a desktop from the bottom of the page.

FIX POWER ON FAILURE ERROR

- Check the wire connected to the power supply (5), check the power cord on another device.
- Check the screen if the power light is not on, check the power cord, the Adapter power light is on.
- If the computer does not turn on, or the computer fan is still running, the power light is on but no image appears. Please contact an authorized service center.
- Warranty policy 321 applies to all MCC computers.
